

SAVIO LIVINGPONDS WATERFALL FILTER

- 22" waterfall weir
- Complete filtration for ponds up to 5000 gallons
- Advanced biological filtration
- Connect filters together for more filtration
- Comes with one Spring-flo media
- 1 1/2" FPT Inlet & Drain Outlet
- 5 year warranty

SAVIO LIVINGPONDS WATERFALL FILTER F070

- Ponds up to 1500 gallons
- For flow rates up to 3,000 GPH
- 16" waterfall weir
- Two filter pads and ceramic media.
- 3" reducer bushing,
- 2" insert adapter
- 3" plug
- Bio Media - 10 sq. ft. of microbial surface area.
- Super strong injection molding.
- Media Pads - support the growth of beneficial bacteria.
- Mechanical seal - no glue required to attach liner.
- 5 year warranty.

BF1000

BF1250

BF1500

BF1600

- Extra wide spillway enhances the waterfall & aerates the water.
- Open swirl chamber lets water flow evenly & efficiently through filter media.
- Three separate filtering actions for clean water.
- Includes filter media.
- Black polyethylene container is warranted for life.

- Designed to be camouflaged with natural materials and plants.
- Extra large container holds more bacteria for a cleaner pond.
- Includes top and bottom grate,
- Lifetime Warranty
- **Top Grate for BF1500 is not available.**

BF2600

BF1900

- The included heavy-duty removable top grate allows natural rock camouflage.
- Support bars add stability and reinforce top grate.
- Media bag and Bio-Tech media provide max surface area for development of beneficial bacteria (media sold separately).
- Dual Bio-Tech filter mats for exceptional biological filtration.
- Sturdy bottom grate supports filter media.

- 2" or 3" heavy-duty FPT bulkhead for high flow rates.
- Rolled upper rim provides clean lines and incredible strength.
- Bottom chamber will accept bulkhead on all sides while bottom cones reduce surface area for more efficient back flushing.
- One-piece liner flange allows easy, leak-free attachments of FilterFalls to pond liner.
- Lifetime Warranty.

LAGUNA POWERFLO FILTER FALLS 5000

- 3 large media chambers.
- Handles on all chambers for easy removal and cleaning.
- A wide 19-inch spillway creates a captivating waterfall
- Threaded bulkheads on the spillway allows water to be diverted to small waterfalls, streams or other filters.
- Water-oxygenating spray bar.
- Venturi valve for mixing air and water.
- A winterizing and water drain.
- Heavy-duty construction with reinforced lid.
- For large ponds up to 5,000 US gallons.
- Replacement parts available.
- 1 Year Warranty

- Three filter brushes
- One mechanical filter pad
- Laguna Biospheres
- 1.5" hose connector
- 1.5" hose clamp
- Teflon tape
- Inlet on either side

The filter can be connected to Laguna's PowerFlo Skimmer Filter 5000 for extra filtering capacity for ponds up to 10,000 gal.

AQUA UV ULTIMA II POND FILTERS

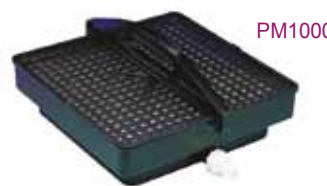

The patented media in the Ultima II has the highest biofilm surface for bacterial growth. The beneficial bacteria convert ammonia into harmless compounds. In field and independent laboratory testing the Ultima II filter with its patented media is the first to nitrify fish waste. The dense bed of ridged media traps solids without clumping. Internal jets in the filter are activated during the backwash separating the waste from the media and sending it out the waste line. Backwash is performed simply by rotating the valve.

Item #	Name	Max Flow	Pond Size	Inlet/Outlet	Dimensions	Price

LAGUNA POWERFLO MAX BIOLOGICAL UNDERWATER FILTER

The Laguna PowerFlo Max Biological Underwater Filter is ideal for use in ponds that contain fish. The filter provides the same powerful mechanical filtration as the PowerFlo, plus it features biological filtration with Laguna's patented Bio-Max filter material. The efficient ceramic media provides a huge surface area for beneficial bacteria to thrive. This media will support the decomposition of ammonia and nitrite to less harmful nitrate that can be controlled by aquatic plants and water changes. The end result is that the filter protects the pump from clogging and keeps water clean and clear. The filter can be installed near the edge of the pond for quick and easy access and maintenance.

- Suitable for ponds up to 800 gallons.
- Complete biological/mechanical filtration.
- Reduces pump maintenance.
- Allows for easy access and cleaning.
- Integrates easily with existing pumps.
- Dimensions - 11" x 11.5" x 7.5"
- Replacement parts available upon request.

Includes:

- Universal Click-Fit coupling, which allows connections to 3/4, 1 or 1 1/4 inch hosing.
- Two foam filter pads.
- Laguna BioMax filter media.
- 3 year warranty

FILTER MEDIA

LAGUNA BIOSPHERES

- Provides large living area for beneficial bacteria to thrive.
- Helps maintain healthy pond water conditions and overall well-being of pond fish and plants.
- Efficiently reduces ammonia and nitrite.
- Calcium is added to the Biospheres providing weight and texture to make them sink as well as add valuable surface area.

Item #	Size	Price
PT1785	120 Spheres	-
PT1786	300 Spheres	-

LAGUNA FILTER WOOL

- For underwater and external filters.
- Effective mechanical filter media removes fine particles from pond water.
- Prevents pond filters and other filter media from clogging.
- Helps produce ultra clear water conditions.
- Non-toxic and chemically inert.

Item #	Size	Price
PT1780	5.25 oz	-

LAGUNA BIOLOGICAL FILTER MEDIA (LAVA ROCK)

- Large porous surface area.
- An ideal host for large populations of beneficial bacteria.
- Create conditions for clean and clear pond water.
- Suitable for most underwater pond filters.

Item #	Size	Price
PT565	6.6 lbs	-

POLY-FLO RAINBOW BIOBLOX

- More than 500 sq ft of surface area per one cubic foot box!
- Less expensive alternative to other types of filter media.
- Can be used in virtually any biological filter.
- One box will fill 3 of the FB-2 bags.
- One box will loosely fill the BG2234.

Item #	Description	Price
BB1	Rainbow BioBlox (1 Cubic Foot)	-

CRYSTAL CLEAR POLISH AC

- Super-heated to "activate" the carbon and provide a high level of porous surface area for increased efficiency.
- Replace after 3 months
- Polishes water
- Repairs stained water
- Removes nitrates
- Removes chlorine
- Eliminates nitrates
- Removes foul odors
- Helps clear tannin stained water
- 3 year shelf life

Item #	Size	Treats	Price
