

CRYSTALCLEAR ALGAE-OFF

Algae-Off will help remove string algae from waterfalls, streams and rocks in seconds. Use the maintenance dosage of Algae-Off once a week and eliminate complete pond shut down for yearly clean-outs forever.

• 16 tablespoons = 1 cup • 2 cups = 1 pound

Table with 3 columns: Pond Size, Light Algae, Heavy Algae. Rows include 25-50 sq.ft., 51-100 sq.ft., 101-150 sq.ft., 151-200 sq.ft., and 201-250 sq.ft.

- Immediate string algae removal
• Helps eliminate green water
• Works immediately on contact
• Non-Toxic To Fish
• EPA Registered
• Money Back Guarantee
• 3 year shelf life
• Oxygen based granules

Table with 5 columns: Item #, Size, Price, Units/Case, Case Price. Rows include CC074-8 (8 oz.), CC074-2 (2 lbs.), CC074-10 (10 lbs.), and CC074-25 (25 lbs.).

CRYSTALCLEAR D-SOLV 9

- Clears Pond Water Regardless of Color.
• Removes Suspended Organic Debris.
• Contains a 9% "Fix-It" Solution for Rapid Action
• The 9% formula is designed to clear pond water quickly & efficiently regardless of water volume.
• Always make sure there is vigorous aeration.

- D-Solv 9 requires heavy aeration especially in hot weather!
• Apply once a week to treat discolored water.
• D-Solv 9 is Stronger than most "fix" products on the market today so it is important to follow product label directions exactly!
• DO NOT USE D-Solv 9 in conjunction or mix with other pond chemicals!
• Safe for humans and domestic animals when used as directed.

1 tbsp Treats 100 Gallons
8 tbsp Treats 2,400 Gallons

16 tbsp Treats 4,800 Gallons
32 tbsp Treats 9,600 Gallons

Table with 6 columns: Item #, Size, Treats, Price, Units/Case, Case Price. Rows include CC075-16 (16 oz.) and CC075-1G (1 gal.).

CRYSTALCLEAR CLARITY MAX +

CrystalClear Clarity Max Plus with Activated Barley is designed to restore balance to the pond ecosystem by breaking down organic material that creates problems for pond hobbyists in and around waterfalls, rocks, stream beds, plant pots, pumps and filtration systems.

CrystalClear Clarity Max Plus will work quickly & efficiently to clean the pond by reducing sludge in the pond & filtration devices. CrystalClear Clarity Max Plus reduces cloudy water by precipitating organic and inorganic materials.

CrystalClear Clarity Max Plus Is 100% Natural And Safe For All Pond Fish And Plants!

Prior to using CrystalClear Clarity Max Plus, these conditions must exist for best results:

- pH of water maintained between 6.5 & 9.0
• Water temperature above 60°F (15°C)
• Dissolved oxygen levels above 3 PPM (3 mg/l)

1/4 Cup Treats 1,000 Gallons
1/2 Cup Treats 2,000 Gallons
3/4 Cup Treats 3,000 Gallons
1 Cup Treats 4,000 Gallons

Table with 6 columns: Item #, Size, Treats, Price, Units/Case, Case Price. Rows include CCB051-1 (1 lb.), CCB051-2.5 (2.5 lbs.), CCB051-6 (6 lbs.), and CCB051-25 (25 lbs.).

POND CARE ALGAEFIX

The pond owner's number one problem has been green water caused by single-cell algae, blanketweed & string algae. Previously, all algaecides were non-selective & killed or damaged all plants in the pond along with the algae. AlgaeFix is an effective, EPA registered selective algae-control product that solves algae problems.

- Aquatic plant and fish safe.
- Controls "green water" algae blooms and blanket weed.
- Keeps ornamental ponds and water gardens algae free.
- EPA registered Algaecide that helps resolve future algae problems..
- **Cannot be shipped to Canada or the UK .**

Item #	Size	Treats	Price	Units/Case	Case Price

POND CARE MICROBIAL ALGAE CLEAN

- Biological inhibitor of green water algae.
- Helps improve dissolved oxygen levels.
- Eliminates troublesome organic sludge and debris.
- Will not harm live plants or fish.

Cannot Ship To: California, Canada, or UK

Item #	Size	Treats	Price	Units/Case	Case Price
269B	16 oz.	4,800 gal.	-	-	-

POND CARE ALGAE DESTROYER

Controls the growth of algae which cloud pond water & often cover ornaments & gravel.

- Discourages the growth of many forms of algae
- Helps eliminate algae blooms.
- Contains one of the most effective algaecides available.
- Recommended for ponds without plants.
- Add 5 teaspoonfuls for every 50 U.S. gallons.

Item #	Size	Treats	Price	Units/Case	Case Price
167B	16 oz.	4800 gal.	-	-	-

CRYSTALCLEAR FOAM-B-GONE

CrystalClear Foam Remover will remove protein foam from your pond or fountain's surface in seconds. Many fountains are collection areas for organic materials. This build-up, in combination with the heavy aeration common with the splashing of a fountain or a roaring waterfall often results in foam formation.

- Completely removes foam from water
- Works in seconds
- For use in ponds, fountains & statuary
- 100% natural & wildlife safe
- 1 tablespoon treats 500 gallons
- 3 year shelf life

Item #	Size	Treats	Price	Units/Case	Case Price
CC060-8	8 oz.	8,000 gal.	-	-	-
CC060-1G	1 gal.	128,000 gal.	-	-	-

CRYSTALCLEAR SPARKLE FOUNTAIN CLEANER

CrystalClear Sparkle Fountain Cleaner is designed to keep your fountain clean & clear. Helps prevent stains, sludge, mineral deposits & organic contaminants from forming in basins.

- Works on ceramic, marble, metal & stone basins.
- Removes organic debris.
- 1 oz treats 10 gallons.
- 100% natural & wildlife safe.
- Seeds fountain basins to continually keep the water clean & healthy.
- 2 year shelf life

Item #	Size	Treats	Price	Units/Case	Case Price
CC065-8	8 oz.	80 gal.	-	-	-

CRYSTALCLEAR SUBLIME FOUNTAIN LIMESCALE REMOVER

CrystalClear SubLime Fountain LimeScale Remover is formulated to rapidly & safely remove lime scale & calcium deposits in all models of fountains. (ceramic, cement, plastic, etc.)

- Removes lime scale build-up
- Allows for free flow of water through tubing & pumps
- Keeps basins looking new
- Wildlife safe
- 1 oz treats 10 gallons
- 2 year shelf life

Item #	Size	Treats	Price	Units/Case	Case Price
CC066-8	8 oz.	80 gal.	-	-	-

CRYSTALCLEAR POND TINT

CrystalClear Blue PondTint turns your pond an alluring shade of blue to help photosynthesis from occurring within your pond.

- Helps keep water clear
- Filters sunlight to cool pond water
- Safe for fish & plants
- 1 oz treats 1,000 gal.
- 3 year shelf life

Item #	Size	Price	Units/Case	Case Price
CC064-16	16 oz.	-	-	-

140C	1 Gal.	15,360 gal.	-	-	-

POND CARE CHLORINE & HEAVY METAL NEUTRALIZER

Instantly neutralizes chlorine, copper, lead & zinc, as well as other heavy metals found in tap & well water.

- Instantly makes tap & well water safe for pond life.
- 1 tsp for every 100 gal.
- Use when setting up a pond or changing pond water.

Item #	Size	Treats	Price	Units/Case	Case Price
141A	8 oz.	4,800 gal.	-	-	-
141B	16 oz.	9,600 gal.	-	-	-
141G	32 oz.	19,200 gal.	-	-	-

POND CARE AMMO-LOCK

Pond Care Ammo-Lock eliminates the toxic effects of chlorine, chloramine and ammonia.

- Removes chlorine and chloramine from tap and well water
- Use whenever ammonia is detected
- Eliminates ammonia stress & promotes healthy gill function
- 5 tsp treats 100 gal

Item #	Size	Treats	Price	Units/Case	Case Price
166B	16 oz.	1920 gal.	-	-	-
166D	64 oz.	7680 gal.	-	-	-

CRYSTAL CLEAR SAPHGUARD PH BUFFER

CrystalClear SaphGuard pH Buffer will stabilize pond water pH & maintain buffering capacity between 80-240 ppm. Alkalinity is also essential for bacteria to complete the nitrification process, which allows ammonia to be converted into nitrite & nitrate.

- Helps prevent wide pH swings which are very common from dawn to dusk due to respiration and photosynthesis.
- ½ cup treats 1,000 gallons
- 3 year shelf life

Item #	Size	Treats	Price	Units/Case	Case Price
CC011-2	2 lb.	8,000 gal.	-	-	-

POND CARE PH DOWN

Slowly adjusts the pH of pond water, which can change from day to day, without harming delicate pond fish or pond plants.

- Phosphate-free & will not promote algae growth.
- Makes water more acidic.
- 1 tsp treats 50 gallons.

Item #	Size	Price	Units/Case	Case Price
170B	16 oz.	-	-	-

CRYSTAL CLEAR PHUSION DOWN

pHusion fuses pH lowering qualities with natural electrolytic supplements to safely lower pH levels in pond water at no more than 0.2 points per application.

- Used correctly CrystalClear pHusion will safely lower pH and is entirely safe for fish and aquatic plants.
- 2 tablespoons treats 1,000 gallons
- 3 year shelf life

Item #	Size	Treats	Price	Units/Case	Case Price
CC025-2	2 lb.	32,000 gal.	-	-	-
CC025-25	25 lb.	400,000 gal.	-	-	-

POND CARE PH UP

Slowly adjusts the pH of pond water, which can change from day to day, without harming delicate pond fish or pond plants.

- Phosphate-free & will not promote algae growth.
- Makes water more alkaline.
- 2 tsp for every 50 gallons.

Item #	Size	Price	Units/Case	Case Price
171B	16 oz.	-	-	-

CLEAN-UP BACTERIA

CRYSTALCLEAR ONEFIX

CrystalClear® OneFix® 12 Month Natural Clarifier is designed to help keep water clean and clear year-round. The bacteria and enzyme strains found in CrystalClear® OneFix® are among the strongest offered on the market today. So no matter what season you are having problems, OneFix® is the answer!

- Can be used all year long.
- Removes organic debris quickly (dead leaves, uneaten food & waste.)
- 100% safe for fish and plants.
- 32 oz treats 96,000 gallons.

Item #	Size	Treats	Price	Units/Case	Case Price
CC021-8	8 oz.	24,000 gal	-	-	-
CC021-32	32 oz.	96,000 gal	-	-	-

POND CARE POND-ZYME WITH BARLEY

Specially selected bacteria strains in Pond-Zyme with Barley immediately begin breaking down fish waste & dead algae that cause cloudy water, sludge build-up, & debris that clogs pumps & filters. Pond-Zyme with Barley reduces pond maintenance & keeps pond water clean & clear.

- Cleans & clarifies pond water.
- Eliminates troublesome organic sludge & debris.
- Helps maintain a natural balance in the pond.
- Starts working in minutes.

Item #	Size	Treats	Price	Units/Case	Case Price
146	8 oz.	8,000 gal	-	-	-

MICROBE-LIFT SLUDGE AWAY

Especially helpful for ponds that have a rock or gravel bottom or where vacuuming is impractical.

- Microbe-Lift Sludge-Away is specially formulated for the removal of organic bottom solids that are slow to degrade.
- Microbe-Lift Sludge-Away works faster at higher temperatures, but can be used at any temperature year-round.
- Application Rates: 1 oz per 100 gallons of pond water.

Item #	Size	Price	Units/Case	Case Price
MLXSAQ	Quart	-	-	-
MLXSAG4	Gallon	-	-	-

MICROBE-LIFT AUTUMN/WINTER PREP

MICROBE-LIFT/AWP helps accelerate the decomposition of leaves, sediment and other organic matter during the fall and winter months. MICROBE-LIFT/AWP will also jump start your pond to a healthier environment in spring.

- Continues to provide sustained biological activity even in water temperatures under 40°F. (4°C.)
- Contains psychrophilic strains (cold weather bacteria)
- If frozen, bacteria will remain effective after thawing out.
- Effective in darker conditions (under ice and snow)
- Helps maintain a healthy immune system for your fish during the winter months

MICROBE-LIFT PL

- Improves dissolved oxygen levels.
- Reduces ammonia nitrogen levels.
- Dissolves away organic sludge.
- Seeds & maintains biological pond filters.
- Breaks down dead pond algae.
- Reduces noxious odors caused by dead algae & fish waste.
- Cleaner environment for your pond, promoting faster fish growth.
- Reduces cloudy water by promoting flocculation & settling of organic & inorganic particles.

MICROBE-LIFT PRO BLEND

Concentrated bacteria for professional use only.

For Ponds:

- Keeps ponds clean and clear.
- Seeds and maintains biological filters.
- Reduces ammonia nitrogen levels.
- Significantly reduces noxious odors.
- Improves dissolved oxygen levels.

For Fish:

- Helps when fish load exceeds normal guidelines.
- Biodegrades uneaten food.
- Oxidizes both ammonia and nitrite, also reduces nitrate.
- Aids in respiration and gas exchange
- Promotes rapid fish growth.

For Plants:

- Improves bloom retention.
- Increases the luster of leaves and plants.
- Stimulates root formation and growth.

POND CARE ECOFIX

Murky, cloudy water keeps you from enjoying your pond and fish as much as you'd like. In addition, dissolved organics and sludge build up can reduce the oxygen concentration in the water, creating a breeding ground for disease-causing pathogenic bacteria. By digesting sludge and reducing dissolved organics, EcoFix reduces organic pollution, increases the concentration of dissolved oxygen in the water, and maintains a healthy ecosystem in your pond.

- Makes pond water clean & clear
- Breaks down dead algae
- 1 oz for every 250 gallons

CRYSTALCLEAR POND & LAKE TREATMENT +

Pond & Lake Treatment + is designed to treat large bodies of water safely and economically. Pond & Lake Treatment + contains a strong family of bacteria and enzymes cultured on a barley substrate to remove and fight persistent pond problems.

- Removes sludge and odor fast.
- Breaks down dead algae & debris.

POND CARE POWERPAKS

Easy to use, super concentrated, water soluble packets begin to dissolve in seconds. Simply toss the required number of POWERPAKS into the pond.

- No measuring or mixing required.
- Helps to restore and maintain the natural balance of pond water.
- Dosage: One powerpak for up to 600 gallons.
- One bottle treats 9,600 gallons.

START-UP BACTERIA

CRYSTALCLEAR AMMONIAFIX

CrystalClear AmmoniaFix is also an all-natural bacteria and enzyme based product specifically designed to complete the nitrification cycle. CrystalClear AmmoniaFix contains special strains of bacteria that will safely convert ammonia to nitrite and nitrite to nitrate which can be utilized by aquatic plants as a nutrient source.

- Naturally reduces ammonia, nitrite & nitrate
- Seeds biological filters
- Safe for fish & Plants
- 2 year shelf life

MICROBE-LIFT PL/GEL

Convenient, easy-to-us, flip-top squeeze bottle PL/GEL is a technological breakthrough because it's the first product that puts bacteria right where you want it and it stays there! PL/GEL will quickly attach to and populate any filter media including foam, strapping, floss, bio-balls, ceramic media, etc.

- Easily applies to the filter pads/media without running or getting messy.
- Helps to establish de-nitrification in the filter which can lower nitrate levels in the pond.
- Contains naturally occurring biopolymers, helping organisms quickly attach to the media allowing for an 80% reduction in filter start-up time.
- Contains the same spectrum of bacteria found in Microbe-Lift/PL.
- Allows for more frequent cleaning of filters in high solids loading ponds without subsequent biological instability.
- Reduces the frequency of cleaning by accelerating the breakdown of organic solids that can lead to high maintenance requirements.

POND CARE ACCU-CLEAR

Quickly clears cloudy pond water by causing tiny suspended particles of dirt & debris to clump together, forming larger particles that fall to the bottom of the pond & are siphoned out or removed by the pond filter.

- Keeps ponds clear during peak summer months.
- 1 tsp for every 50 gallons.
- Use in conjunction with Pond-Zyme Plus for a cleaner, clearer pond.
- Improves filter efficiency.

CRYSTALCLEAR RAPICLEAR

CrystalClear RapiClear is designed to clear pond water by combining suspended particulate (organic material) via a process known as flocculation. This allows all suspended organics within the water column to be attracted together & easily removed leaving the pond ecosystem sparkling clean.

- Combines suspended particulates in pond water for easy filtration
- Fast, effective cleaning action
- Safe for all aquatic life

CRYSTALCLEAR NATURES CHOICE

CrystalClear Barley Straw Pellets utilize barley degradation technology to help manage pond problems throughout Spring, Summer, Winter & Fall. When placed in an area of the pond where there is a steady water flow, the barley pellets will slowly degrade. As the pellets degrade, they emit a substance that assists in keeping your pond clean all season long.

- Helps remove the pond owner's worst problem
- Slow, sustained release
- Easy application includes flow-through net
- Safe for fish & plants
